

LEAD LIKE A WOMAN

Women are less likely to be given high-visibility projects and line roles that lead directly to leadership positions. While women's representation has risen in roles throughout corporate management, on a whole women remain underrepresented at every stage of the corporate pipeline, regardless of race and ethnicity.

Lean in to learn real-world strategies from women for women on how to lead, grow, and thrive in their careers:

Self Advocacy and Owning Your Story

Leading with Empathy and Resoluteness

Strategic Networking

Mindset and Confidence Building
